To whom it may concern,

**Letter of recommendation**

It is our great pleasure to recommend the team of Websentials to anyone in need for company or business website development. They have rendered professional and outstanding service throughout the project. They built the website without any fuss and delivered on artistic merit. They also continue to provide maintenance services for our company website which is extremely important.

I have no reservation in recommending Websentials.

Thank you.

Yours sincerely,

**Dr Wong Weng Kin**
